Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I believe this proposal represents an appropriate and positive use of the site and will make a valuable contribution to the local housing stock. Haywards Heath continues to experience demand for well-designed homes, and the provision of additional two-bedroom apartments will help meet the needs of a range of residents, including first-time buyers, young professionals, couples, and downsizers.

The proposed scale and form of the development appear to be in keeping with the surrounding residential character of the area. The introduction of six apartments provides an efficient use of land while remaining proportionate to its setting and supporting sustainable growth within the town.

The location is well placed to benefit from existing local services, transport links, shops, and community facilities, reducing the need for additional car journeys and supporting sustainable living. Developments such as this help strengthen the local community by enabling more people to live close to employment opportunities and amenities.

Kind regards
