## ARCHAEOLOGICAL ADVICE

### RE: Naldretts Farm, Pookbourne Lane, Sayers Common, Hassocks

The application is for *Discharge of planning conditions nos 5, 7, 8, 9 and 10 relating to planning condition DM/18/1860.*

The submitted Archaeological Report suitably details and interprets the results of the scheme of archaeological trial trenching undertaken on the development site. No significant archaeological remains were uncovered, and as a result I am happy to recommend the full discharge of Condition 10. No further archaeological work is required in relation to this application.
