5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO?

☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

LF/01/TPO/09

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).
Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

A and B - two protected oaks on Plan P1: selectively reduce only lower building-facing branches over the garage, main house roof and internet cable by up to 2 m. See continuation on page 3 and Plan P1.

7. Identification Of Tree(s) And Description Of Works continued ...

Trees A and B: the two oak trees marked on Plan P1 (left and upper-right TPO map markers), protected by LF/01/TPO/09.

Proposed work: selectively shorten only the lower lateral branches of both trees that touch or overhang the garage roof, main house roof and internet cable from the garage apex to the house. Reduce the length of those projecting branches by up to approximately 2 m from their present extent, cutting to suitable lateral branch unions. Aim for approximately 2 m clearance from the roofs and cable where achievable within that reduction. Retain the principal limbs and upper crowns; no felling or whole-crown reduction.

Reason: branches currently touch or closely encroach on the roofs and cable, with risk of abrasion or damage and restricted maintenance access. The proposed work is limited to those lower branches. Access and tools are described on Plan P1. All access, equipment, cutting and removal of arisings will take place within 12 Hickmans Lane; the council pathway beside the boundary will remain clear and unaffected.

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall: ☐ Yes ☒ No
If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ☐ Yes ☒ No

Subsidence
A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)
Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)? ☒ Yes ☐ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

Plan P1 (tree locations, lower-branch work zones and proposed access) and photo exhibits E1-E4 are appended to this form. Trees A and B are the left and upper-right protected-tree markers on the supplied TPO checker image. Both stand at the property beside the boundary with the council pathway. All work is proposed from within 12 Hickmans Lane. Ownership of each stem to be confirmed before submission.
