Reasons for comment:	
Comments:	Having had no consultation with the developers I have no idea how they are going to demolish the garage of no. 9 and leave my garage, at present adjoining, in a weatherproof condition. I also see that the development will be joined to the 60yr. old sewers in Woodlands Close, half of the houses being connected to the sewers in the Burleighwoods development. I have had workmen

at my house from southern water for over two weeks replacing a damaged section of black pitch fibre pipe in the sewer going to No. 8 Woodland Close, where the connection is due to be made. This simply cannot happen, the sewers just cannot take it.
