Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I strongly believe this application should be allowed on the basis that this organisation hosts so many events which are open to the public and local communities. They have some events where parking becomes an issue and they can not accommodate all the

visitors. I have witnessed this in the winter months, where parking in the rugby club causes some hazards in very dark lit roads. In fact I have suffered a bad fall after parking there and walking across.

Kind regards
