Attachments: Old South Lodge plans.pdf

Hi team,

Hope all is well and everyone had an amazing weekend.

It was super to catchup and further to our call, thought I would send over the original plans for the lodge.

With reference to the attached, there was an original porch orientated towards the driveway before the garage was added. It would be amazing if there was any chance for allowing a side entrance to maximise the garage space.

Have a lovely day and speak soon.

Best to all,
Matthew
