Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: We object to this application on the grounds that this will affect one of our last few green spaces in the area which supports the local wildlife, including a badgers sett which is very much in use. After the development of Bolnore Road and Bolnore Village in the proximity there is a lack of green space and this proposal reduces this further.

Parking is already bad enough on Wealden Way and the building of this new proposed property will cause major upheaval over a considerable amount of time.

There is also a significant flood risk from that site which could directly impact many houses in the area.

We do hope that you take our views into consideration when looking at this application.

Many thanks and with all good wishes,

Kind regards
