Reasons for comment:	
Comments:	<p>The ponds on the site of the proposed new house regularly overflow into the fronts of the neighbouring houses further to the south. The water then runs down and collects at the bottom of Wealden Way preventing access through to the Bolnore estate. Despite regular clearing, this is a problem which occurs annually.</p> <p>I believe that it is very important to know how this problem will be permanently alleviated before planning consent is granted.</p>

Kind regards
