Subject: DM/25/0589 - Lattice Tower with Antennas etc.

[REDACTED]

With reference to the above Planning Application in Burgess Hill we object to this proposal for the following reasons:

1. We have concerns about the radiation from 5G antennas and the associated health risks.
2. We are worried about the potential lowering of the values of properties in the area if this application is approved. This is particularly relevant to us now as we are about to put our property up for sale by court order.

Kind regards
