Address: 10 Marlpit Road Sharpthorne

Comments Details

Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: The current electricity supply to the neighbourhood is not sufficient and we have frequent power cuts. The development at the Brick Works will add hugely to the drain on this already fragile infrastructure. The Developers should stick to their original planning application and fit all the solar panels as agreed. If they do not, this will cause further strain on that infrastructure causing more power outages and destruction of supply.
The recent war in Iran should highlight the need for alternative

sources of power and self-sufficiency and being new builds, this is the ideal opportunity to accomplish such goals.

Kind regards
