

Application reference: DM/26/0507

Site Address: 10 Woods Hill Lane, Ashurst Wood

Site Visit Date: 09.04.2026

North – To the front of the property, there is front garden amenity space with a paved front driveway. Looking north from the rear, the existing dwelling does not appear to have been previously extended.

South – Rear Garden amenity space set to the south of the site which stretches back in a linear plot form.

East – Adjoining neighbouring semi which features a front porch and extended to the rear through a conservatory. Also features a box rear dormer at loft level.

West – Adjacent neighbouring dwelling which features an unobscured glazed window and obscured window at first floor. Two unobscured ground floor side windows and rooflights facing back towards the application site.

Streetscene – Primarily two storey semi detached residential properties set to the southern side of the road which predominantly feature hipped roof forms.

Other -
