Commenter Type: Neighbour or general public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I have discussed the proposals with the building applicant. My view is that, the updating of a near derelict building can only enhance the local area. I have been assured as a neighbor that my peaceful enjoyment of the area will not be disturbed when the center is up and running. The proposed building works are necessary to make the building viable.

Kind regards
