

Stage 1: The 2016 Baseline Context (Unaltered Site)

Drawing LVa2208.08.100 Rev A – Location and block plan class designation as understood by owner upon purchase
2017: Maps the original boundaries and land class designations of the property at the point of acquisition, providing the baseline context for the wider site assembly.

[illegible]

Drawing LVa2208.03.102 – Barn before 2017 plans and elevations: Illustrates the original layout and elevations of the Barn prior to any alterations, showing its baseline agricultural form.

Stage 1: The 2016 Baseline Context (Unaltered Site)

Drawing LVA2208.03.103 – Workshop before 2017 plans and elevations: Illustrates the baseline architectural plans and elevations of the Workshop structure prior to 2017, confirming its original traditional materials and form.

Stage 2: Phase 1 Operational Works (January 2017 – Post-2017)

Drawing LVA2208.03.104 Rev A – Barn January 2017 work, plans and elevations: Details the initial phase of structural and external alterations carried out on the Barn structure in January 2017.

Stage 2: Phase 1 Operational Works (January 2017 – Post-2017)

Drawing LVa2208.03.105 Rev A – Barn post 2017 plans and elevations: Documents the completed layout and external appearance of the Barn structure following the conclusion of the post-2017 development phase.

The figure contains several architectural drawings for the Barn 2022 work:

- LOCATION PLAN:** Shows the site's location relative to Shepherds Cottage, Longhovel Cottages, and surrounding agricultural land. It includes a scale bar (0 to 50m) and a north arrow.
- SITE PLAN:** A detailed plan of the site showing the layout of the buildings (1-6), the pond, and the surrounding agricultural land. It includes a scale bar (0 to 25m) and a north arrow.
- 2022 WORK GROUND FLOOR PLAN 1:100:** Shows the ground floor layout of the barn, including the main hall, kitchen, and utility areas. It includes a scale bar (0 to 5m).
- 2022 WORK FIRST FLOOR PLAN 1:100:** Shows the first floor layout, including the main hall, kitchen, and utility areas. It includes a scale bar (0 to 5m).
- 2022 WORK ROOF PLAN 1:100:** Shows the roof layout of the barn, including the main hall and the roof structure. It includes a scale bar (0 to 5m).
- EXISTING PLANS:** Shows the existing ground floor and first floor plans of the barn, including the main hall, kitchen, and utility areas. It includes a scale bar (0 to 5m).
- EXISTING ELEVATIONS:** Shows the existing front, side, and rear elevations of the barn, including the main hall and the roof structure. It includes a scale bar (0 to 5m).

Drawing LVa2208.03.106 Rev A – Barn 2022 Work plans and elevations: Illustrates the subsequent phase of operational development executed on the Barn structure during 2022, including fenestration changes.

Stage 3: Phase 2 Operational Works & Structural Integration (Circa 2022)

Drawing LVa2208.03.107 Rev A – Workshop post 2022 plans and elevations: Illustrates the completed layout, elevations, and structural profile of the Workshop building following the operational works executed up to 2022.

Stage 3: Phase 2 Operational Works & Structural Integration (Circa 2022)

Drawing LVa2208.03.110 Rev A – Barn and Workshop post 2022 plans and elevations: A combined drawing detailing the precise architectural relationship, physical link, and unified rendered elevations of both the Barn and Workshop buildings as they exist today.

Stage 4: Current Proposed Scheme and Use Regularisation (Application DM/25/1857)

- **Drawing LVA2208.03.101 Rev A – Location and Block Plans as proposed:** The definitive geographic location plan mapping the full proposed combined title boundary in relation to the wider local context.

Stage 4: Current Proposed Scheme and Use Regularisation (Application DM/25/1857)

Drawing LVA2208.03.111 – Tractor and mower store: A new architectural plan and elevation sheet produced specifically at the request of the Planning Officer for the current running application. This drawing details the structure as part of the formal retrospective change of use, transitioning it from its historical agricultural designation to domestic ancillary storage.

Stage 4: Current Proposed Scheme and Use Regularisation (Application DM/25/1857)

Drawing LVA2208.03.112 – Proposed site plan showing proposed fencing: The final proposed block layout for application DM/25/1857, detailing the exact alignment of the rural timber post-and-rail fence designed to permanently separate the regularised residential garden from the adjacent agricultural fields.
