TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	Yes
Are you wishing to carry out works to tree(s) in a conservation area?	No
If you know which TPO protects the tree(s), enter its title or number	CU/13/TPO/25
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	T1/T2 - 2 Hornbeams at the edge of the wood that are overhanging into the gardens of number 2 Holly Road and the neighbouring house in Oakdale Road. We wish to reduce the overhang and balance out the branches. T3 - An oak tree within the wood that is suffering from rot around the base of the tree. This is not urgent but will need doing in the future. It may affect Lewes Road were it to fall. We would aim to reduce it to a safe height such that if it fell it would not affect Lewes Road. It would remain to die in situ allowing birds and insects to make use of it. T4 - A thin dead silver birch (I think) leaning internally within the wood on the boundary of Lewes Road. No danger to the road, but it crosses internal pathways. We currently have a Felling Licence ref 019/2358/2024 but did not want to assume this covered al the work listed above. The overhang work and the dead birch we would like to carry out on the 16th March. The oak with rot at the base is TBC.
