Details of the pre-application advice received

I have discussed the issue of the bike/bin store and pump station being moved without any additional changes to the parking layout and soft landscaping. While I am unclear how this could be achieved without any other changes to the layout, the view is that this would still not be a non- material change and that a S73 application would be required.

As to whether a S73 would be approved or not, I am of the opinion that subject to consultation I do not see any significant issues arising from the changes proposed and that the S73 is likely to be approved.
