Reasons for comment:	
Comments:	I urgently need the council's permission to remove and immediately replace my TPO Pine Tree to prevent catastrophic property damage / life threat to the public / children / neighbours. Even if the pine tree is considered healthy it must be replaced - it is NOT technically possible to prove 100% that it will not fall. The Pine tree is now leaning towards the road The size and position of the Pine Tree is very dangerous. You cannot prove 100% that the root structure will be able to support the tree / lean that has appeared over the past 2 months.

The risk \ hazard is too high.

My neighbours are instructing me to get the Pine Tree removed.

I will immediately get professional advice as to what to replace the Pine Tree with a beautiful safer tree.

Please accept this application. Thank you
