Dear Stefan,

Thank you for re-consulting the Flood Risk and Drainage Team on the above application. We have reviewed the information provided by the applicant, which is insufficient.

Our comments of the 30/12/24 remain valid. A Flood Risk Assessment is required.

We will be able to provide further comment once received.

Receipt of the requested additional information does not mean further information will not be requested, nor does it guarantee that the Flood Risk and Drainage Team will not object to the development. Neither does it prevent the team from recommending a flood risk or drainage condition.

To advise, for every further information submission received, do allow a 10-day response time from receipt.

Best Wishes
