Reasons for comment:	
Comments:	Dear Sir/Madam, my name is Tom Clingo and I am proud to be the manager of Burgess Hill Town Women's First Team. As a club, we have a big, bold vision for the female section and are championing the women and girls game in Mid Sussex. We want to inspire the next generation of women and young girls to play for our football club but, naturally, there are challenges with having a finite amount of facilities that our section and the club as

a whole are able to use.

Having the opportunity as a club to operate an artificial pitch would greatly improve our ability to engage with the wider community, inspire the next generation of footballers (both male and female) and attract even more talented footballers across the board to come and play for the club, increasing interest and our ability to push up the male and female pyramids respectively.

For the reasons listed above, I would urge and strongly encourage those passing judgement upon these plans to pass this proposal for the good not only of the game- but that of the Mid Sussex community on the whole.

I thank those who took the time to read this for their time and their service, and encourage them again to approve this proposal.

Kind regards
