Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	For the club to have a 4g surface would be unbelievable for the local community. Children would be able to play Football 7 days a week. The area is short of decent pitches to play matches on during poor Winter weather. It would help increase revenue for the club which can only help the investment in the boys, girls and senior teams. Fully supportive of this application.

Kind regards
