Subject: Ranelagh - Solar Array Application

[REDACTED]
Dear Debbie

We are aware of the proposed revised location of the battery storage and inverter equipment associated with the solar array application at Ranelagh.

Having discussed the proposal with Suzanne and Kent and considered the location, we have no objection to the revised position. The equipment will be located discreetly within the side passageway between the properties, screened from view and with no impact on the use or enjoyment of the neighbouring property.

I hope this is of assistance, Kind regards
