Aldi - Hayward Heath - Application Reference: DM/24/3077

Dear Officer,

Application Ref: DM/24/3077

I am writing to submit my comments in support of a new Aldi store in Haywards Heath.

This application would deliver a number of benefits to the local area, including:

- Significant investment into the local economy

- it will bring added competition to the two supermarkets in the town which are amongst the most expensive in the area. Bring jobs and more vibrancy to Commercial Square which after the station upgrade is much needed. I fully support this application.

I hope that the council will act in the interests of local people by approving this application.

Kind regards
