Dear Mr Watt

RE: DM/21/2276 - LAND EAST OF WINEHAM LANE, WINEHAM, WEST SUSSEX, BN5 9AY

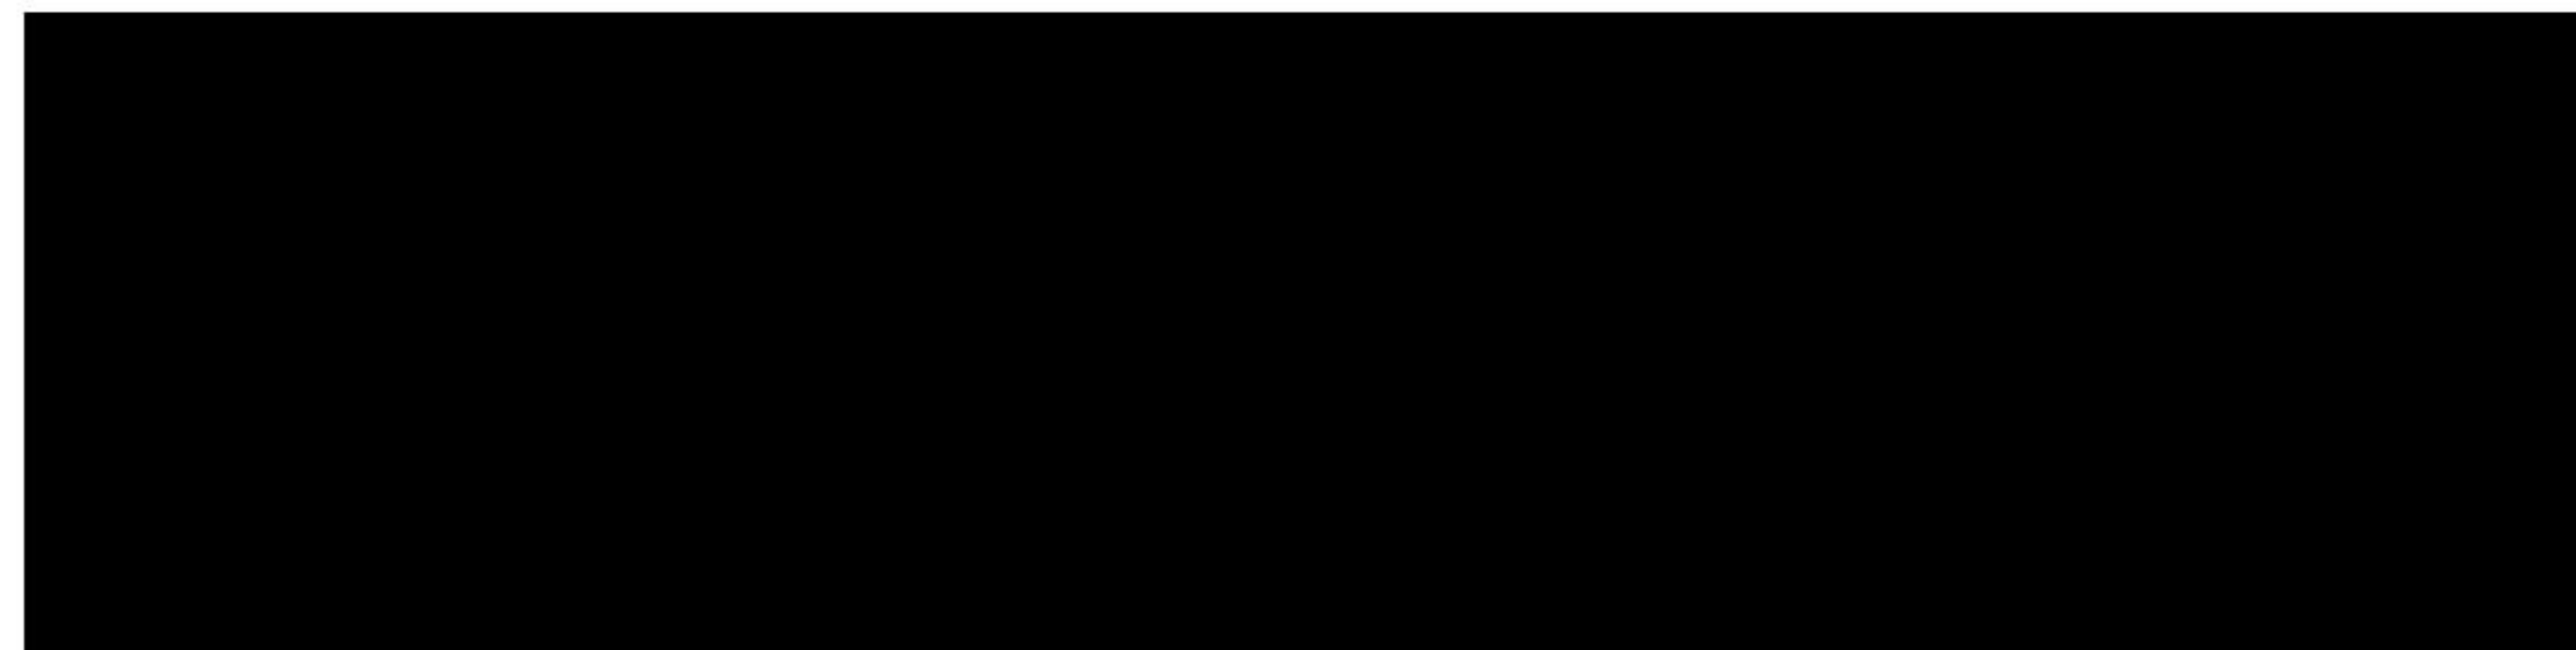

This letter has been prepared on behalf of the developer with regard to the discharge of pre-commencement Condition 12 of the above consent, referred to as the Bolney Green Battery Energy Storage System. It accompanies an application to discharge the condition.

The accompanying plans provide a site layout and a series of cross sections illustrating existing and proposed site levels, as required by the Condition

Please note that the proposed works do not require the removal of any excavated material from the site as all arisings will be used during the proposed cut and fill exercise.

I hope that this information will be sufficient to allow you to discharge planning Condition 12. Should you require any further information, please contact me by email at dan.grierson@envams.co.uk or phone on 07545 336 960.

Yours faithfully

Dan Grierson, Planning Director
