Dear Anna

I don't have any objections to [REDACTED]s making a Wildlife Space for their family to enjoy but my reservations are:-

The large & small gates that have been erected onto Belmont Lane (which is a single track Lane, Footpath & Bridle Way) without gaining permission first.

This will set a precedent for any of the other residents who live in Belmont Lane to do the same.

We have lived in the lane for a very long time - 50 years & there has never been an entrance into this field from Belmont Lane.

[REDACTED] have a large driveway & garden that opens up into their new field so they would have easy access into their wild life space.

There is also another problem that is a concern. Thakeham Homes are planning to put 75 houses to the West Side of Belmont Lane so what is to stop them putting an entrance/exit onto Belmont Lane once a new entrance has been granted to Mr & Mrs Collins?

Kind regards

[REDACTED]
