| Comments:            | <p>We wish to submit a formal objection to the proposed development on 26 Kennedy Avenue. The proposal is entirely out of character with the area and presents several concerns:</p> <ul style="list-style-type: none"><li>- Overdevelopment and density: the proposal will lead to an over-compression of the area. Increasing residential density in this location will create highway safety risks and exacerbate existing parking pressures;</li><li>- Environmental and visual Impact: the removal of green space to accommodate a new house and extra parking will damage the</li></ul> |

local ecosystem, disturb wildlife, and negatively impact the established, quiet, and green character of the street.
