**4. Is your scheme self-build or custom build?**

- Self-build
- Custom-build

**5. How many self-build or custom build plots are there in the proposed development?**

Number of self-build plots

1

Number of custom build plots

**6. How does your scheme meet the definition of self-build or custom build?**

In answering this question, you may want to address the various parts of the definition(s) and explain who will live in the dwelling and their involvement in the scheme. You may also want to include how much input you will have into the design and layout of the scheme.

The land is already owned by Mr and Mrs Spooner and they are self building the property for a member of the family to live in. They will employ various trades to help them through the construction process until the project is completed.

**7. As you have filled out this form saying that your scheme is self-build or custom build, we may need to amend the description of the planning application to say that it is for self-build or custom build.**
