Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	We wish to object to this proposal for the following reasons: Our property is one of a group of houses that surround & overlook the garden of No. 50. The owners of each of these houses have strived over the years to collectively create and nurture a unique setting that embraces and encourages nature, complements the landscape and benefits all those around them. The development of a 'hard' tennis court with its high metal fencing within this overall setting undoes all of this hard work and
-----------	--

effectively destroys in no small part the whole communal environment that has collectively been created. This is particularly relevant in terms of the damage it will cause to the appearance of the area, the unnatural/loud noise & disturbance that will be generated, the natural drainage systems that exist, the overbearing loss of outlook and intrusion into the countryside, its negative impact on wildlife and the micro eco-system that exists across each of the surrounding boundaries.

We therefore urge all parties concerned, to reconsider this development due to the negative impacts described above and for the benefit of all those it will clearly distress.

Kind regards
