Dear Catherine,

Thank you for consulting the Flood Risk and Drainage Team regarding the above application.

We have no objection to the proposed development on flood risk grounds.

This is subject to the proposed development incorporating all flood mitigation and resilience measures set out within the Flood Risk Assessment (Dated 2nd July 2025 Document Ref.: 25-0087-MCE-XX-XX-RP-C-0001-S2-P01 by Moss), including finished floor levels.

Drainage should be managed via Building Regulations and Building Control, as necessary.

Best Wishes
