Reasons for comment:	
Comments:	Will benefit the town and community massively giving a chance for people of all ages to use the facilities at the ground opening the Club up for more local people. Burgess Hill Town FC has played a big part in the lives of many of the town's residents and is one of the oldest Football Clubs in Sussex being formed in 1882. It has also helped bring great media attention to the town with the Club's successes over the

years hitting national headlines so it is imperative that the Club is allowed to continue to grow and shine a positive light on the town.

This project will help the Club from having so many games postponed due to waterlogged and frozen pitches which comes at a great loss of revenue.

The new lights will be less invasive for the residents which will be a plus for them too.

Kind regards
