

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

06/02/2025

1.2 Planning application reference number

DM/24/0981

1.3 Local planning authority (LPA)

Mid Sussex District Council

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Former Homebase, 219-223 London Road, East
Grinstead, West Sussex, RH19 1HA

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Demolition of existing DIY retail unit and construction of Class E(a) retail foodstore with associated parking, landscaping and access works.

2. Developer details

2.1 Applicant name

Adam Forsdick

2.2 Company name

Lidl Great Britain Ltd

2.3 Address

Lidl RDC, Crete Hall Road, Gravesend, Kent, DA11 9BU

2.4 Email address

adam.forsdick@lidl.co.uk

2.5 Telephone number

01474 543988

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

[Redacted Signature]

2.8 Date

07/02/2025

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Luc Hanse-Foster MSc AIMEA

3.2 Company name

Biodiverse Consulting

3.3 Address

Dissington Hall, Dalton, Newcastle upon Tyne, NE18
0AD

3.4 Email address

Luc.H-Foster@biodiverseconsulting.co.uk

3.5 Telephone number

0191 303 7805

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

3.8 Date

14/01/2025

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

- ☐ Yes
☒ No

4.2 If no, what earlier date did you agree with the LPA?

16/11/2023

4.3 How have you met the guidance on ‘what counts towards your BNG’?

Find out what you can count towards a development’s BNG

All baseline habitats contributed towards baseline biodiversity units. Development proposals include retention of Individual Trees, creation in the form of Introduced Shrub, Other Neutral Grassland and Individual Trees. The remaining units needed to make a net gain and satisfy trading rules will be acquired from an off site registered provider.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you’ve taken on site, including to avoid or minimise the impact on irreplaceable habitats.

In order to avoid impacts to habitats, some Individual Tree habitat within the site have been retained.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

- ☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

- ☐ On-site
☐ Off-site
☒ Both

4.7 Are any of your on-site enhancements considered ‘significant’?

Find out what counts as a significant on-site enhancement.

☒ Yes

☐ No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

Created and retained Individual Tree alongside created Other Neutral Grassland habitats are considered significant due to their medium distinctiveness.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

0.15

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

It is unfeasible to fit the required number of Individual Tree habitat creation required to achieve a net gain on site. In order to fit the required number of trees the development proposals would not be feasible and the trees would negatively impact the created grassland habitat through shading.

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?

☒ Yes

☐ No

4.13 Have you used the statutory biodiversity metric tool?

☒ Yes

☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

BioC23-090 Statutory_Biodiversity_Metric

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

BioC23-090 Condition Assessments V1

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

BioC23-090 East Grinstead Biodiversity Statement V1.2

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

BioC23-090 East Grinstead Biodiversity Statement V1.2

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes

☒ No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes

☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes

☒ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Area habitat biodiversity units % change

Hedgerow biodiversity units

Hedgerow biodiversity units % change

Watercourse biodiversity units

Watercourse biodiversity units % change

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

- ☐ Yes
- ☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

Buying 0.15 biodiversity units including 0.15 lowland meadow units of very high distinctiveness

7.2 Biodiversity gain site register reference number

BGS-281024001

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

A conservation covenant with responsible body (RSK Biocensus Limited) on Ardingly habitat bank (MSUS04)

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.04

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Area habitat biodiversity units % change

Hedgerow biodiversity units

Hedgerow biodiversity units % change

Watercourse biodiversity units

Watercourse biodiversity units % change

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes

☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

A1

A2

A3

A4

A5

H

W

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).

Very high

Yes

High

Yes

Medium

Yes

Low

Yes

10. Sharing data (optional)

10.1 Can we share your ecological survey data with the Local Environmental Records Centre or other bodies?

☐ Yes

☒ No
