**Letter of Reassurance – Ecology at Highfields, East Grinstead, West Sussex.**

To whom it may concern,

Leigh Ecology Ltd have been commissioned by Igloo Care Ltd to undertake ecological surveys at Highfields, East Grinstead, West Sussex.

During the surveys undertaken on the 3<sup>rd</sup> of September 2024 we checked the current status of the site against the previous PEA undertaken by Phlorum Ltd in 2022.

We can confirm the sites current status is in line with the report output, it is highly managed and retains the habitat character as reported in the PEA.
