Commenter Type: Neighbour or general public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I refer to retrospective planning application(s) DM/25/1103 and DM /25/1104.

I have owned property on Lindfield High Street since the mid-seventies. I have supported an active and vibrant high street through my continuing ownership of properties 59, 61 and 62.

Preservation of a special place, as is Lindfield High Street, is very

important and I fully support thoughtful conservation of buildings, gardens and trees.

I have been fortunate to have had the opportunity to review the work carried out on 107 High Street not only from the outside but from the inside. In my opinion the work has been carried out to a very high standard using appropriate materials and preserves many important features that would otherwise not be so thoughtfully retained.

When the current owner took possession of the property it was in generally poor condition internally and externally. It would appear very significant investment has been made in ensuring the property has been repaired, sensitively enhanced and now in its ongoing maintenance.

In my opinion the work carried out on this property is fair and reasonable and has been completed to a very high standard thus ensuring the long-term preservation of a very beautiful building. The property, both house and garden, contribute very positively to the character of the high street and the wider conservation area.

Kind regards
