Reasons for comment:

Comments: I fully support all of the works that Mr and Mrs Dougall have undertaken at Marlow House.

They have clearly gone to great lengths to design, renovate and finish their home to a high standard. I find the materials used and attention to detail exceptional, and believe that they greatly benefit the building and High Street.

This quality of work extends to the garden and landscaping which enhances our Conservation Area.

Overall, it seems to me that the work carried out has been done with great care and consideration, enhancing both the house and garden.

From my perspective as an immediate neighbour, I have no concerns about the development or its scale, and I do not feel overlooked in any way.

Rather, we have been delighted to welcome them to the neighbourhood and hope that they will be able to continue enjoying their beautifully restored home.

Kind regards
