Comments Details

Commenter Type: Neighbour or general public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: Looking forward to Park Centre re-opening as I remember the building when I was younger. This building will provide much needed facilities for children who otherwise have little to no local facilities to grow their confidence, learn new skills, interact with others in a safe environment. This facility will provide accessibility to all with individual needs and bring a plethora of new

opportunities where none have been available before. To upgrade this beautiful building to be fully in line with the times is nothing short of what our wonderful town needs. Here's to another 150 years of serving our youth for a stronger tomorrow. Beyond that it will then grow to bring the parents together and ultimately provide a centre for people of all ages.

Kind regards
