**Subject:** Proposed installation of monopole-land north of 1 Burdocks Drive Burgess Hill RH150HJ

[You don't often get email from [REDACTED] learn why this is important at <https://aka.ms/LearnAboutSenderIdentification> ]

Ref. DM/26/0328

To whom it may concern we OBJECT to the above proposal.

The proposed area is a very very small area of land on a grass verge.

We believe that installations of this kind should be erected on a larger area of land which is not so near to residential housing.

The occupiers of number 1 Burdocks Drive will be subjected to immense stress. They will have a huge pole just a few yards from their house and garden. It has been reported that there will be a continuous humming noise from this equipment making it impossible for the occupiers to enjoy their garden and also the many other residents whose properties will be in the near vicinity.

Do our Council want to accept there is no other location for this equipment ?

It is hard to imagine that a better location could not be found, maybe no one can be bothered.

Please REJECT the proposal in this location and request Cornerstone to find an area of land more suitable which would enable the equipment to be installed.
