### Comments Details

Commenter Type: Local amenity society or association

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: The WRS has no objection to the extensive planning application for demolition and rebuilding of Lydhurst but would like to comment on the following:  
1) many of the neighbouring and abutting residents did not receive planning notification from MSDC and they would like to be reassured that reasonable working hours are stipulated for the demolition/construction schedule.  
2) after 17 years of monitoring by the village Speedwatch group, can we have assurance that construction vehicles will not drive

through the village from the A23.  
3) the village sewage system is at capacity and the WRS has  
noted that a package waste water treatment plant is proposed.
