Hard landscaping

Driveway, turning circle and parking spaces

Chip and tar in a buff shingle finish, with granite sett edging as per the existing driveway edge.

Example image of chip and tar in buff with granite border

Front of house pathways, rear terrace and walkways along sides of the house

Limestone paving along the pathways in front and sides of the house with smaller limestone paver “rugs” in the corners. Limestone paving to the rear of the extension with smaller pavers (stackers) beyond the dining room portico.

Paving in Fossil Pearl Tumbled Grip Limestone.

Example image of limestone paving

Zhara beige stackers for the “rug” features

Example image of smaller pavers as a “rug” in larger paving

To the rear of the original 'hall house' building

Retain existing crazy paving and extend using reclaimed paving from elsewhere on the site. Remove the (now redundant) steps but keep and renovate the existing retaining wall.

Existing crazy paving, wall and well behind the original building all to be retained

The Rill

Retain the existing crazy paving semi circle as the top of the rill water feature.
Reuse crazy paving reclaimed from the site.
Limestone pavers to create the upper length of the rill and limestone steps.

Existing crazy paving semi circle

Retaining wall to the west of the property

'Old Clamp' bricks to match the new house.

Soft Landscaping

Front of house beds:

FB 1 - 5

Combination of evergreen shrubs for structure and deciduous shrubs for seasonal interest. Shade loving biennial and perennials.

FB 6 & 8

Hydrangea hedge

Hydrangea paniculata 'Limelight' (Aug-Sept)

FB 7

Winter and spring flowering woodland bulbs as underplanting to existing Yew hedge, trees and shrubs. To include Galanthus, Narcissus and Alliums and Hellebores to blend in with the well established carpet in the woodland beyond.

GB 1

Planted area to the south of the garage.

Perennials and bulbs for colour and Pittosporum for evergreen interest. Pittosporum for evergreen interest.

Salvia nemorosa 'Caradonna'
(June-Oct)

Gladiolus Byzantinus
(June- July)

Campanula persicifolia
var. *Alba* (June – July)

Aster x *frikartii* 'Mönch'
(Aug –Oct)
