I appreciate that Planning Officers and Committee can only consider a Planning Applications as submitted and without reference to 'related considerations'. This Application is for the installation of Padel Courts for 36 months operation in the proposed location prior to relocation within a redeveloped sports area designated "Colwell Grounds" as outlined in June 2023 but without any formal Planning Application at this time. As the current Application specifies a move to "Colwell Grounds" a copy of "Colwell Grounds page 9" is attached. Whether the current Padel Application actually moves to any Colwell Grounds site is speculation at present but substantial costs are likely. However the proposed Colwell Grounds Padel location is well away from residential areas, Swimming Pool and Bowls Green. Being nearer the A272 road it would be potentially less intrusive than the current proposal in terms of noise, traffic and footfall. I respectfully request that the current Application is rejected pending submission of an all-embracing Application for the "Colwell Grounds" Project.

Kind regards,
