Address:	8 Pampas Close Haywards Heath

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	There is already too much covering over of green fields in the area with excess building taking place throughout Wivelsfield which has always been a small village.
Another new development with an exit on to the busy B2112 is totally inappropriate and would be dangerous. The local

infastructure cannot cope with so any extra houses and cars, nor the need for provision of schools, medical facilities and sewerage.
The fields and woodlands around the area are important as the "lungs" of the surrounding area as well as being vital for wildlife, both animal and floral.
I often feel the planning department just does a tickbox job on applications and passes many without any due care to the needs of the community around.
I would like to register my objection to this application.

Kind regards
