TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	Yes
Are you wishing to carry out works to tree(s) in a conservation area?	No
If you know which TPO protects the tree (s), enter its title or number	cu/04/tpo/84
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	Oak tree nearest my house - front elevation south east corner. Removal of four branches closest to gable end as shown in attached photograph with branches marked by 'X' in red circle.

Additional Information

ADDITIONALINFORMATION	
For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	Silver Penny Oak - 2025-04-15_092024.pdf (download)
For works to trees covered by TPO	
Please provide a reason why you wish to perform these works	Over the 30 years we have lived here the branches from the oak tree in question have grown to the point where they extend over the roof of our house and in close proximity to the front gable end. I want to have these branches cut back to the main limb they branch from to prevent them damaging the cedar shingles on the roof and the cedar shingle clad gable end. Additionally, squirrels have been using these same branches to climb onto the house/roof and have been gnawing at the timber in the gable ends to gain access into the attic space (see attached photograph of holes in gable end within attic).
Condition of the trees (s)	Yes
Advice/Diagnostics	IMG_4156.jpeg (download)
Alleged damage to property	Yes
Report/Evidence	files.zip (download)
Are you providing separate information?	Yes

Please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application.	I have a photograph of the damage caused by squirrels gnawing holes in the wooden gable end of the house and have attached under the Advice/diagnostics section
