Details of the pre-application advice received

This Planning Statement accompanies a revised Householder Planning Application for alterations and extensions at Dalby, 70 Halsford Park Road, East Grinstead, West Sussex, RH19 1PS.

The proposal seeks permission for a rear two-storey extension and a side extension over existing garage. This submission follows the refusal of the previous application (Ref: DM/25/2418) and has been carefully revised in direct response to the concerns raised by both neighbouring occupiers and the Case Officer.

The applicants have given full consideration to the reasons for refusal and have positively amended the scheme in order to address the issues raised. The revised design reflects a collaborative and responsive approach, with the intention of achieving a form of development that is acceptable in planning terms and respectful of neighbouring amenity and the character of the street scene.

The previous application was refused for two reasons:

1.

Rear Two-Storey Extension – Concern regarding potential impact on neighbouring residential amenity, specifically daylight.

2.

Side Extension – Concern that the proposed alteration to the gable and the use of render would not be in keeping with the established character of the street scene.

This revised submission directly addresses both matters.

The applicants have carefully considered the neighbour’s concerns in relation to daylight and perceived overbearing impact.

To respond constructively:

•

The first-floor element of the rear extension has been stepped in from the shared boundary.

•

The revised design reduces the overall massing when viewed from the neighbouring property.

•

The amendment improves the relationship between the properties and ensures a more comfortable sense of outlook.

Now the Ground Floor Kitchen side wall is 1.45m distant from the boundary, and the First Floor is 1.95m distant from the boundary line. By stepping in the first floor, the proposal now reduces the perceived scale of the extension, and we hope mitigates any potential impact on daylight to neighbouring habitable room windows and private amenity space.

The original refusal also cited concerns regarding the extension of the gable and the proposed rendered finish.

In response:

•

The gable has been retained at its existing scale and form, avoiding any enlargement or alteration that could disrupt the established roofline rhythm.

•

The revised proposal removes the previously proposed change that was considered out of keeping.

•

Materials have been reconsidered to ensure better integration with the existing dwelling and surrounding properties.

This revised application demonstrates a genuine effort to address concerns raised and to achieve an acceptable, policy-compliant form of development.

It is respectfully requested that, in light of the amendments made, planning permission be granted.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
