Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to object to this development. I don't usually object, I do however feel strongly about this proposal. I absolute understand the need for affordable housing, and people must have places to live. However there are far more places for this to be achieved. This is a particularly beautiful area that does not need to be developed and would be a huge loss for walking, wildlife and a pleasant area. I understand this has been considered and overwhelmingly

rejected for development on previous occasions and yet it seems to determinedly proposed despite this.

I have been a resident here for 28 years and strongly object to the proposal.

Kind regards
