Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object more development in this area. 1. The nearby roads are full of pot holes, e.g. Birchen Lane and Gatesmead. How can the council support more roads when it can't even keep the basic condition of existing roads? 2. The traffic assessments by RIDGE mentions nothing about impact on the school run. The school run traffic, both morning drop off and afternoon pick up for Linddfield Primary, Blackthorn

and Hardland is already very bad, which put our children and parents in danger. I don't believe our old style narrow country roads can handle more traffic.

3. The local NHS is already under big pressure. It takes weeks to get a GP appointment even for children in need. What's more, there's no space in local NHS Dentist at all and the waiting list is shockingly long. I as an adult, cannot enroll in any local dentist or nearby towns dentists. My daughter, as a child, can barely enroll in a dentist in another town which is half an hour drive away. Without building more medical infrastructure around this area, adding more accommodation is not responsible for existing and new residents.

Kind regards
