Commenter Type:	Other type - not listed
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	What is the point of conditions if they can be waived subsequently once the operator requests it? Why did the operator not ask for such a condition when making the application, knowing that this is vital for their business model? If this is waived, just suppose the operators move away within a year to the Science & Technology Park (where one might say they

would be better off), leaving any subsequent user of the site
entitled to 24/7 lorry movements down this country lane!

Kind regards
