Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This planning sits right at the back of my garden, I work from home this will cause major disruption to my life and mental health, the roads have already become chaotic enough as it is, buses already struggle to turn the corner of the road near the pub into the village as well as lorry's and vans. It's too much of an unsafe place to build this kind of development This will cause major disruption to my family's life I would need to

think about moving if this goes ahead, it will cause us to lose light into our garden and have people over looking, i would feel unsafe having this so close to my house, the building work will cause major mental health issues with the noise and dirt while i work from home in finance, there is already a convenience store next door we have a further 2 more shops that sit in the village this will put them out of business this already cause issues with parking and congestion to the roads as it is a superstore will cause further congestion and issues We do not need a super store in the village we need to support our local businesses.

Kind regards
