Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Handcross is already a busy village, and its infrastructure cannot support additional housing. The narrow roads are under daily strain from heavy traffic and large vehicles, particularly during rush hour, school drop-off and pick-up times, and whenever there are problems on the A23.

The village also experiences regular electricity and water outages, which are likely to become more frequent with further development. These infrastructure issues should be resolved before any additional housing is considered.

The proposed site is also home to deer and a wide range of other wildlife.

Kind regards
