Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

Extract from email from Mr Horrell to the applicant, 06/03/25:

"In policy terms the proposal would be judged against DP26 of the Mid Sussex District Plan, E9 and H9 of the Haywards Heath Neighbourhood Plan and principles DG49-DG52 of the Mid Sussex Design Guide SPD.

My informal opinion is that in terms of the new porch, I note a porch was approved at No.97 under reference 06/00675/FUL. I also noted a number of differently sized and style of porches within the streetscene. Therefore, a modest porch with relocated entrance steps as discussed would be seen as acceptable.

Secondly, the rear extension would be fairly modest, would not be visible from the streetscene and would use matching materials. It was noted that the neighbouring No.62 had a rear conservatory. Given the single storey nature of the proposal and the detached relationship with No.62, harm to neighbouring amenities is not deemed significant and it would be seen to be in character with the existing dwelling.

The raising of the roof of the garage to create a games room would not be out of character assuming it is still subservient to the main dwelling and maintains the existing appearance of the garage.

In terms of internal works to combine the kitchen and dining room into one room, as internal this would not require planning permission per se but should be shown within any application."

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☒ No

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**
