NOTES

1. The Grid and Levels are based on co-ordinated using OS Active GPS Network.
2. The Elevations in this drawing are taken perpendicular to the facade.
3. Due to the nature of scaling drawings we would advise that any required dimensions should be requested from the surveyor using the contact details shown below.
4. If you request any survey data information if required.
5. Surveyed boundary features are not necessarily legal boundaries.
6. Dimensions should not be scaled. All dimensions should be checked on site before any fabrication / construction.
7. Copyright of all data produced by InCo Surveys shall remain with InCo Surveys unless otherwise specifically agreed.
8. Information provided is provided as a guide only in any way. It should not be used for any purpose other than for which it was intended and should not be issued to other parties without prior agreement.
9. InCo Surveys cannot accept responsibility for any damage to computer systems which may result from viruses which may be contained in the data provided.
10. The drawing is being read by any system other than AutoCAD is should be treated as a hard copy. InCo Surveys cannot accept liability for omissions.
11. All utilities have been identified to the best of the surveyors knowledge. No warranty is made as to the accuracy of the data. No liability is accepted for the use of the utility types can not be 100% guaranteed, therefore these should be independently verified prior to any use in design and building works.
12. All pipe diameters and levels are assumed to be correct, however it is not entry to inspection chambers, these should be verified before any works commence.
13. External eaves levels are surveyed to lowest tile position.

LEGEND

AH - Access Hatch
BH - Beam Height
CH - Ceiling Height
C-H - Cill to Head
C-S - Cill to Arch Spring
DH - Door Height
F-C - Floor to Cill
FL - Floor Level
RD - Radiator
THL - Threshold Level
WCL - Window Cill Level
WHL - Window Head Level
WSL - Window Arch Spring Level
WT - Water Tank
