As discussed, Emily discourages the wrapping of any rear extension around the side wall of the dwelling, which is discouraged by the Council's Design Guide SPD (gure 9E) as this can undermine the integrity of the original architecture of the dwelling. She also raises concerns regarding the scale, form and detailed design of the rear extension which may prove overbearing in relation to the historic core of the cottage, and recommends that its footprint is reduced so that the well is retained externally; she also recommends that a more lightweight approach is followed regarding the design of the extension. With regards to the existing outbuilding in a dilapidated condition, she recommends that this is retained and repaired with a view to re-using the building which is considered to make a positive contribution to the setting of the listed building. The proposed conversion of the adjoining barn to ancillary accommodation is deemed acceptable in principle, subject to further details regarding the proposed conversion works

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
