Thanks Anna, no works have started yet, they are currently expected to start w/c 21 July 2025.

Kind regards,

Kevin

Dear Kevin

Please see attached the email I have sent to your Agent this morning. I am awaiting his reply.

Unfortunately I have asked for a short extension of time for the preparation of a report for your application, which I am currently working on.

Please can you confirm if any works have commenced at your property to extend either the ground or first floor accommodation, as permitted under application DM/24/0470?

This will avoid me having to undertake a site visit this afternoon to check this matter for myself.

Thank you

Regards

Anna Tidey

Dear Anna,

I note that we have now passed the Determination Deadline of 24 June 2025, do you have an update?

Many thanks,

Kevin

Dear Mr Gordon

Thank you for your email. I am sorry for my delayed response, but I currently have a heavy workload backlog, following a period of leave from work.

I understand your request for a prompt decision on your current planning application, but to be fair to the many other applicants awaiting my decision, I will have to make my recommendation on your application in turn with the other applications on my worklist, which currently includes over 40 cases. Unfortunately, I cannot give you an assurance of an earlier decision.

Notwithstanding this I have reviewed the planning file today and I note that the date for neighbours to make any representations expires tomorrow, 23rd May 2025.

No representations received to date and I have received a comment of 'No objection' from Parish Council.

I will speak to your Agent, Chris, if I require any additional information when I write my recommendation report.

Regards

Anna

Subject: Planning application DM/25/1125, 22 Horsham Road, Pease Pottage

Dear Anna,

I apologise for contacting you directly but I wanted to see if there was any way that a decision on this application could happen earlier than the 24th June date given.

This is now our fourth planning application for our extension works and I know you have been involved throughout. This application represents a considerable reduction of the previously proposed work in the loft area, which was approved, reference DM/24/0470. In fact the work now involves "replicating the two front hip roofed dormers on the rear roofslope, with the bottom of the dormers set a similar height above the eaves line", which is exactly what you suggested on 23 October 2023!

I would be grateful for any help you could give.

Kind regards,

Kevin Gordon
