Dear Stefan,

Thank you for re-consulting the Flood Risk and Drainage Team regarding the above application.

We have reviewed the additional information submitted on 03/04/2025:

- Flood Risk Assessment Ref:AEG6585_RH16_HaywardsHeath_01. Second issue 13/03/25 by Aegaea

We have no objection to the proposed development on flood risk grounds.

This is subject to the development incorporating flood resistance and resilience measures set out within the flood risk assessment, including finished floor Levels.

Due to the nature of the development (minor residential extension) drainage should be managed via Building Regulations/Control.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
